Butterfly Snack Bags are a creative and fun way to package snacks.

Here's what you need to make Butterfly Snack Bags:

- Snack size Ziploc bags
- Clothespins
- Pipe cleaners
- Paint
- Paint brush
- Glue
- Snacks

What to do:

1. The best thing to do is get all the clothespins painted first.
2. While the clothespins are drying, fill the snack bags with snacks such as cereal, pretzels and grapes.
3. Glue a pipe cleaner to the back of the clothespin and bend the ends to look like butterfly “antennae.”

4. To make the butterfly shape, simply spread the snack inside the bag out to each side and pinch the middle of the bag.
5. Slide the clothespin up over the middle and let go. The clothespin will pinch the bag in the middle creating what looks like butterfly wings. The decorated clothespin is the “body” of the butterfly.
