

Beautiful Savior

LUTHERAN SCHOOL

Excellence in Education Under the Gospel

Good afternoon,

Our second week of remote learning is complete. Based on feedback from teachers and students, it sounds like overall things are going well and everyone is adjusting to this new remote classroom style. We know that this is a huge adjustment for both parents and students. On a positive note, the students are learning new communications skills that will help them throughout the rest of their lives. We thank you for your hard work, dedication and the love you are showing for your families and the community by staying home and being safe.

The Province of MB and BSLs are determined to continue to provide learning and education to ensure your child(ren) are prepared for the return to in-class learning. The province expects students to actively engage in remote learning during the closure of physical classrooms.

Manitoba Education & Training has just released a new link on their website for 'Parents and Caregivers'. This site is a great resource to support and help facilitate meaningful family-centred learning.

Your child's teacher will continue to be a vital source of development and learning experiences for your child, but they will need your

support at home. Please rest assured that we understand this is all new for you; it is new for us too. Do what you are able to do as a family and explore how to make time together a meaningful learning opportunity. Conversations around natural curiosities and learning through play are great opportunities for children. Please know that although the “school time” is likely reduced at home, children will continue to learn.

Please keep your child(ren)’s teacher(s) as part of the conversation if you have any questions about the curriculum being delivered remotely. The teachers are able to adapt a child’s workload as required. We are currently trying to incorporate online, paper and pencil tasks, and projects into the learning experiences. We realize that very few parents are trained educators, and we are here to support you in any way we can to help you and your child(ren). We are in this together to support one another in ways we couldn’t have imagined before.

Your child(ren)’s work will be assessed by their teacher(s) in the coming months and a final report card will be completed in June.

Although the school building is closed, we believe this remote curriculum based learning is vital in helping ensure the students continue to develop and are prepared for the return of in-class learning.

Tuition will continue to be debited for May and June. If you have questions around tuition, please email me to arrange an opportunity to talk.

I hope you all have a wonderful Easter celebration and be reminded of the sacrifice Jesus made for all of us. Eternal life has been won for us;

thanks to Him. May you all continue to be blessed and have a wonderful Easter.

We will continue to pray for everyone and the world in these difficult and challenging times.

Mrs. McCrea

Please join us on the YouTube Channel hosted by Beautiful Savior Lutheran Church for all services, bible studies and devotions. The next sermon is at 8:00 pm tonight for the Easter Vigil service.
