## LUTHERAN SCHOOL

*Excellence in Education Under the Gospel*

Good evening,

Today, the Manitoba Government announced the Phase 2 Draft Plan for the gradual return of services in Manitoba. The Phase 2 includes education and outlines how school facilities can begin to be utilized.

BSLS will provide further communication in the coming days regarding what the Phase 2 Draft Plan will look like for our students and families. We will communicate further details to how students will be able to access the school and teachers. Limited access to the school facilities will allow small group or one-on-one settings to occur in order to conduct student assessments and planning for the resumption of classes in September.

Remote learning continues as it is currently operating with your child(ren)'s teacher(s). We will continue to use digital media and print materials.

We thank you for your continued support and look forward to working with you for the resumption of in-school classes for the fall. It is exciting that we will see the students in person again soon but be assured that our plans will continue to prioritize the safety and well-being of our students and staff. We look forward to navigating the next phase with you while our learning environment and community stays safe and healthy.

You all remain in our prayers and we miss you dearly,

God Bless,

Mrs. McCrea
