Today I am going to share some fun snacks with you.

APPLE TURTLES

- ½ of a green apple
- 5 grapes, cut in half
- 2 mini chocolate chips

Stick the grapes to the sides of the apple to create arms and legs. Carefully poke the chips into the apple to create eyes.

MONKEY CRACKERS

- Crackers with wow butter
- Bananas for the mouth
- Pretzels for the lips
- Chocolate chips for the eyes
- Cheerios for the ears

My recommendation is turning a simple ice cream snack cup into a bear by adding chocolate for the eyes and nose and slices of banana for the ears!

Enjoy!
